## Professional Summary

Computer Science student with hands-on experience in Python development, machine learning projects, and web application development. Growing expertise in data science and AI technologies through coursework and personal projects. Passionate about applying programming skills to real-world problems and contributing to innovative teams through clean, efficient code and creative problem-solving.

## Technical Skills

- Programming Languages:** Python, Java, SQL
- Web Technologies:** HTML, CSS, Bootstrap
- Libraries & Frameworks:** NumPy, pandas, Matplotlib, scikit-learn, Flask
- Tools & Platforms:** Git, GitHub, Google Colab, Render, Canva
- Databases:** MySQL
- Operating Systems:** Windows, macOS

## Projects

- TrackByLyrics** 
- Tech Stack: Python, Flask, HTML, CSS, JavaScript, Spotify API
- Built a web app that finds songs from partial lyrics and displays song information such as the singer, album cover, and a direct Spotify link using Spotify's developer API. Deployed using Render.
- AI- Instagram Caption Generator** 
- Tech Stack: Python, Flask, HTML, CSS, JavaScript, Gemini API
- Developed a web app that generates Instagram captions from user description and image features, offering multiple styles and hashtags using Python, Flask, PIL, and Gemini API.
- BGMI Victory Prediction using Machine Learning** 
- Tech Stack: Python, pandas, NumPy, scikit-learn, Matplotlib
- Developed a model to predict BGMI match wins using Random Forest based on gameplay stats like kills and survival time.

## Experience and Internships

- Machine Learning Intern** 06/2024 – 08/2024
- Pragyashal Pvt Ltd Remote
- Worked as part of a team to design and implement a machine learning model for predicting victory outcomes in BGMI matches.
  - Gained hands-on experience with data preprocessing, feature engineering, and ML model optimization using the Random Forest algorithm
  - Developed the solution in a collaborative environment using Python and Google Colab.

## Certifications

- Certified in Programming in Python by Meta via Coursera
- Certified in Introduction to Java Programming – Part 1 by HKUSTx via edX
- Certified in Technology Job Simulation by Deloitte (Forage)
- Certified in AWS Cloud Practitioner Essentials by NASSCOM (FutureSkills Prime)
- Certified in Getting Started with Enterprise Data Science by IBM

## Achievements

- Proposed an AI-powered gamified CAPTCHA solution for Smart India Hackathon 2024 college-level round under the Smart Automation theme.
- Contributed as a Coding Club Coordinator by assisting in organizing peer workshops and coding sessions at college.

## Education

- B.Tech - Computer Science and Artificial Intelligence** 2022 – 2026
- MITS, Angallu
- CGPA: 8.43
- Intermediate (MPC)** 2021 – 2022
- Narayana Junior College, Tirupati
- Percentage: 95
- School (SSC)** 2019 – 2020
- Z.P. High School, Kalicherla
- Percentage: 97
